HS-M200

Earphones with Microphone
Instantly switch between calls and music

Privately listen to your music with Genius HS-M200 headphones that feature sound isolation to help minimize distractive sounds, so you can stay immersed in your audio. The one button in-line microphone and remote let you easily answer calls and control music playback. The 10mm driver unit delivers powerful sound. Its in-ear isolation design blocks background noise so you can focus on your music. Available in two colors: black or white.

Take/Make Calls
